

## RALEIGH

New for 2017, the all-road Stuntman is built to handle a wide range of surfaces. The Reynolds 631 butted chromoly frame has a 142x12 rear thru-axle, post mount for disc brakes, tapered headtube and room for 50c tires. The Stuntman comes outfitted with a 15-millimeter thru-axle alloy fork, 80-millimeter dropper seatpost, and Raleigh classic leather saddle and matching bar tape.

**Suggested retail: \$2,499**

## PEARL IZUMI

The updated X-Project P.R.O. mountain shoe is designed under Pearl Izumi's 1:1 Next Step Philosophy, balancing the stiffness of a cycling shoe with the flexibility to maintain a natural walking gait. Features include a re-engineered carbon composite sole, advanced three-layer seamless composite upper that adapts to foot shape and prevents hot spots, double Boa closures, and an EVA foam heel for absorbing impacts and for off-bike comfort. Available spring 2017.

## E-JOE BIKE

The e-Joe Bike Gadis is an extended-range, fully equipped commuter e-bike priced under \$2,000, with a 7020 aluminum alloy step-through frame housing a removable 48v/12Ah Samsung lithium-ion battery that will take the rider up to 50 miles on a single charge. The Gadis comes equipped with a powerful yet lightweight 350W (peak 700W) high-speed brushless rear hub motor, with an intelligent pedal-assist system that gives the rider full control of the power output via twist thumb throttle control, combined with e-Joe Bike's four-level pedal assist. The Gadis comes with a Shimano 7-speed drivetrain, Tektro 160-millimeter front and rear disc brakes, a TGS front fork, Kenda puncture-resistant tires and front LED headlight. Weight: 55 pounds.

## KAZAM

The 20-inch Swoop Balance Bike is ideal for taller children who haven't yet mastered bicycle riding. With a step-through frame design, it's easy for kids to get on and off of the bike, and it features an adjustable handlebar and seatback as well as a kickstand. Kazam also says it suits children with special needs who want to master the balance skills needed to ride a bike. Recommended age: 8-plus.

## PROSHIFT

The ProShift head unit automatically shifts gears on Shimano, SRAM and Campagnolo electronic groups. It interfaces with any Shimano Di2 system (Dura-Ace M9070, Ultegra 6770/6870, XTR M9070 and Alfine); SRAM Red eTap; and Campagnolo EPS systems (Athena, Chorus, Record and Super-Record V1, V2 and V3). ProShift has been certified by the ANT Alliance for compliance with the organization's standards, and is allowed for use in events sanctioned by the UCI, USAT, Ironman and RAAM.

## CLUB RIDE

The Promenade Jersey is part of Club Ride's Women's Trail Collection for Spring/Summer 2017. Intended to be worn from the trail to downtown, the midweight jersey is made from a peached knit fabric that wicks moisture, dries quickly, and offers anti-microbial properties and UPF 20 sun protection. Other features include underarm mesh panel and three drop-in back pockets.
